

Lieutenant-Governor Grant MacEwan looks natty indeed as he enjoys a maple taffy treat. The tall, friendly Scot wears his matching Tuque and Ceinturon Fleche with a definite flair as he joins in the fun of the "Sugar Bush". The accessories were presented to him by Jacques Boucher, Edmonton president, on behalf of the Association Canadienne Francaise. Gazette Photo.

Large Crowd Cabane A Sucre

The "Sugar Bush" a colourful and authentic sidelight of Canadian history was recreated in St. Albert Sunday when the Association Canadienne Francaise de l'Alberta staged a Cabane A Sucre at the Lions Park.

The Association's 18th annual sugar bush featured two "firsts" in Canada's Centennial year: for the first time the party was held outdoors - and outside of Edmonton. Upwards of 2,000 people from throughout Northern Alberta took in the event, which was officially opened by the Honourable Grant MacEwan Alberta's Lieutenant-Governor at 1:30 p.m.

"I like pea soup, I like maple syrup, I like Frenchmen and I love French girls said his Honour, flashing his famous mile-wide smile. Commenting on the chilly weather, Mr. MacEwan said "After such a warm welcome who the heck cares what the weather is like?"

IODE Boquets for Books

At their regular monthly meeting March 15 the Father LaCombe Chapter of the I.O.D.E. discussed arrangements for their 5th annual "Bouquets for Books." Mrs. Young, the chapter's Education secretary, was elected convener of this year's project in support of the Library. Homes in St. Albert will be canvassed by members of the chapter from April 24th to May 10th, and they look forward to the same wonderful support this year as they have had before.

As the new Centennial Library will soon be opened the Chapter is working to provide as many good books as possible by that date. Bouquets of flowers purchased during the canvass will be delivered Saturday, May 13th in time for Mother's Day.

Mrs. W. M. Scott, Regent, was elected to represent the Chapter at the forthcoming Provincial Meeting of the I.O.D.E. to be held in April at the MacDonald Hotel in Edmonton.

The meeting welcomed a new Chapter member in the person of Mrs. A. Vandenbos. Following adjournment a very nice lunch was served by the hostess, Mrs. D. J. Taylor of Sunset Boulevard.

Sass challenges City club

The St. Albert Serious Stimmers got a little sassy (as their name implies) and challenged the Edmonton Diet Club to a weight count-down. So during the month of March 15 members of the local club were matched with 15 counterparts in Edmonton and once by ounce statistics were carefully noted by each club as the

Continued on Page 3

The Lieutenant-Governor officially opens the Sugar Bush in St. Albert, Sunday.

Other distinguished guests were the Honourable Gordon Taylor, Minister of Highways, the Honourable Raymond Reiferson, Minister of Labour Judge Andre Dechene & Mrs. Dechene of the Conseil De Vie Francaise, His Worship Mayor Richard Fowler of St. Albert, Mr. Mike Maccagno, M.L.A., Lac La Biche and Mr. Keith Everitt, M. L. A. St. Albert. Accompanying Mr. and Mrs. MacEwan were Mr. and Mrs. Harry Quarton of Edmonton.

A number of well-known members of the A.C.F.A. were on hand as well, including Mr. Marcel Ollivier, the French Consul, Mrs. Andrew Cairns Consul for Belgium and Dr. Cairns, Dr. Joseph Moreau, Provincial President, who introduced the Lieutenant - governor, Mr. Jacques Boucher President of the Edmonton chapter.

But the key man of the entire celebration was Noel Constantin, Maitre Sucrier. For his was the decision at the moment of truth - when is the boiling syrup ready to spread on the snow? The precedent for quality goes all the way back to Jacques Cartier who in an early report to the King of France described his first experience at an Indian sugaring-off, referring to a "divine syrup" which they tapped from a tree.

The golden syrup produced a steady stream of Maple Taffy, throughout the afternoon, delighting the taste buds of young and old. (The youngsters wrapped wooden sticks and spoons to overflowing with the rare confection). A traditional sugar bush atmosphere was provided with a genuine log cabin, pails of syrup suspended on trees, bales of straw to perch on and a bonfire to warm toes at. The new Canadian flags flying with maple leaf emblem tied in with the theme and Centennial flags and chamber of commerce pennants fluttered alongside. Music by the St. Albert Air Cadets band and the Mikis an all French orchestra from Edmonton added to the festive mood, but was considerably curtailed by the chilly weather.

Hay rides were a tremendously popular feature for the young folk and the crowd greatly enjoyed seeing Mrs. Nolette win the ladies Nail Pounding competition with an amazing record of four 4" spikes pounded into a two by six plank in only 27 seconds. Two brothers from Guy, Alberta took the honours in the LogSawing event, handling a 12" damp log in 53 seconds (with a dull saw at that).

All in all it was a "Cabane de tounerre" and St. Albert founded by French Canadians and one of Alberta's oldest communities seemed to be a most fitting location.

Residents of St. Paul and Bonnyville can look forward to a Sugar Bush in their centres on April 8th and 9th respectively and quite a number of local people are planning to take in these events.

Senior Citizens

The St. Albert Recreation Department has made arrangements for local older people to visit the Planetarium in Edmonton on Friday, April 14th. All those people who would like to make this trip are invited to contact Mr. Elmer Harrison at the Recreation Department by telephoning 599-6601 as soon as possible.

Mr. MacEwan and Dr. Joseph Moreau (centre) pause for a chat in front of the Cabane A Sucre. Maitre Sucrier Noel Constantin in tuque and plaid shirt is seen in the background, while a St. Paul visitor is recognized by his style of tuque as seen in the foreground. Gazette Photo

Report on Assessment

On Tuesday, March 28th, Mr. S. L. Billings and I met all morning with Mr. J. B. Laidlaw, Chairman of the Alberta Assessment Equalization Board, as well as the Commissioner of Assessment; Mr. Cordery, Assistant Chief Provincial Assessor, Mr. R. L. Cross, Secretary-Member of the Equalization Board and Mr. Bert Russell, the Town's Assessor. The knowledge with which I went into this meeting was simply that our equalized assessment was going up 1.8 million dollars for a total increase of contribution to the Provincial Government, taking also into consideration a 2 mill increase from 26 mills, of \$76,068.00. My assumption was that this increase of 1.8 million dollars was due to the increased land values on the 1967 assessment. With this in mind my argument with Mr. Laidlaw was along the lines of over assessment of utilities or improvements in front of properties which were serviced. Rather than go into considerable detail on how I lost this argument, I would like to refer you to the tables for the Town of St. Albert, made up by the Equalization Board, which was handed to me at this meeting.

The top half of the Report shows the 1965 Assessment and Valuation on which we based our mill rate for 1966 taxes and on the right-hand side a column indicates the 1966 Equalized Assessment which is taken from the 1965 figures. I should state here that the Act says that the Equalized Assessment shall be set from the previous year's Live Assessment unless there has been a general assessment between. This simply means of course that the 1967 Equalized Assessment is based on the 1967 Assessment figures instead of 1966, which it would have been had we not had the general assessment.

You will note that the Equalized Assessment for Land in 1966 was \$2,872,271 obtained from an actual Live Assessment of \$3,006,040. You will also note that Land in the 1965 Assessment and Valuation was based on 40% of the market value for Live Assessment figures. Now let us go to the bottom of the Report and you will note that the new Live Assessment for Land is \$5,931,340, or an increase of \$2,925,300. Almost double, as we could expect from the Assessment Notices that have been mailed out. The important factor here, though, is the 1967 Equalized Assessment which is \$3,443,827, or an increase of \$571,556. While we have a Live Assessment increase of almost 100%, our Equalized Assessment increase is approximately 20%. The increased Equalized Land Assessment of \$571,556 at the new Foundation mill rate of 28 mills will cost the Town \$16,003. This is slightly less than one mill.

The question may now come up as to why the buildings and improvements new Equalized Assessment is \$1,160,681 over the 1966 Equalized amount of \$10,155,498, one must keep in mind that the 1966 Equalized Assessment was based on the 1965 Live Assessment which figures included only those buildings and improvements constructed up to the end of 1964. Had we not had a general assessment this year, the 1967

Equalized Assessment would have been based on buildings and improvements up to the year-end of 1965. However, because of the general assessment, two years of construction and improvements must be taken into consideration. So the amount of \$1,160,681 represents the Equalized portion of increased improvements during 1965 and 1966. This is really not a prohibitive amount when one takes into consideration the Youville Home alone, which is now on the Live Assessment, at \$418,920 for the 1967 Assessment year. There is also an additional \$134,000 for Monomold Containers Ltd. which is being caught up this year also.

Notwithstanding the foregoing, one may still be convinced that serviced residential land in the Town of St. Albert is assessed too highly compared to the City of Edmonton. What must be kept in mind in this regard is the fact that the City of Edmonton uses a different method of assessing than the Provincial Government Assessors who assess for the Town of St. Albert. The method in the City of Edmonton is called The Residual Method. In St. Albert the improvements and property are assessed separately and then the two assessments are totalled for the total assessment. In the City of Edmonton I am given to understand that the total property is assessed and then the assessed value of the house is deducted from the total assessment and the remaining amount is the assessed value of the land. I was not convinced during the meeting that this would necessarily result in an equitable assessment in the Town of St. Albert. In this regard Mr. Laidlaw advised me that he would have Mr. Bert Russell come to St. Albert and do a considerable number of checks by applying the Edmonton method and thus determine if the total assessment by the residual method applied in St. Albert would be approximately the same as the method used by the Provincial Government Assessors.

A boxing first for Western Canada

For the first time in Western Canada a Junlor (under 16) boxing championship will bring together the top 24 junior boxers from Vancouver to Winnipeg. The Alberta branch of the Amateur Boxing Association spearheaded the effort to widen the horizons for young boxers, who previously had no further to go after the Alberta Provincial Championships.

In the first Western Canada Championships, the boys will compete for twelve divisional

championships. The event will be held April 15 in Edmonton at the Alberta College Auditorium, starting at 8:00 p.m.

Four St. Albert Hercules boxers will be competing in the Provincial championships this Saturday in Calgary. Winners in the provincials will go to the Western Canada matches in Edmonton April 15. The new event will make available to our young boxers the best competition in Western Canada.

Superintendent Appointed

Dr. Chalmers will leave his post as Regional Superintendent of Vocational Training, Indian Affairs Department, Government of Canada to take up his new duties. He has been with the Federal Government since 1964. Previously he served the Alberta Department of Education and over 25 years was employed as Director of School Administration, Director of the Correspondence Branch, High School Inspector and Superintendent of Killam School Division.

Dr. Chalmers will take over from Dr. A. J. Proudfoot who resigned to accept a position as Associate Professor, University of Calgary.

Dr. Chalmers received his early education in South Dakota and Manitoba. He received his Bachelor of Arts Degree from the University of Manitoba and Master of Arts and Master of Education Degrees from the University of Alberta. His Doctor of Education Degree was received from Stanford University in 1946.

He is co-editor of the current junior high school literature text used in Alberta, an English text and a historical atlas of Canada published in 1966. He is president of the Historical Society of Alberta and the Edmonton branch of the Canadian Author's Association. Dr. Chalmers' own books include "Fur Trading Governor" "Red

River Adventure" and "Schools in the Foothills Province", the story of public education in Alberta sponsored as a Centennial Project by the Alberta Teachers' Association.

Dr. Chalmers is married (to a former school teacher) and they have four sons and two daughters.

Dr. John West Chalmers has accepted the appointment as Superintendent of Schools of the St. Albert Protestant Separate School District No. 6. In announcing the acceptance the Chairman of the Board of Trustees, Mr. Ron Harvey, said "The Board is very pleased that Dr. Chalmers will be our new Superintendent. He is one of the best known and experienced educators in Alberta".

Even if it does prove to be equitable where a serviced lot has a house built on it, I would still doubt in my mind if it was equitable to the City of Edmonton where a serviced lot was not improved by a residence or some such building. It would be interesting to know if a serviced, vacant lot in the City of Edmonton had the utilities applied to the assessment as is the case in St. Albert. The City of Edmonton certainly

could not use the residual method where no building was on a lot. This is something which should be taken up with Mr. Bert Russell before any decision is made on Appeals on vacant lots.

It was the advice of Mr. J. B. Laidlaw that the Court of Revision delay any decisions on Appeals due to excessive land assessment until the Assessment Branch has completed its check which will be done by Mr. Russell.

MR. HARRY HUTCHINGS

New business in Grandin

Mr. Hutchings recently opened a new shoe store in Grandin Shopper's Park, St. Albert. He comes to our community from Saskatoon where he spent two years. In all Mr. Hutchings has spent 19 years in the shoe industry. For six of those years, prior to going to Saskatoon, he managed a shoe store in Westmount Shopper's Park. Originally, he will proudly inform you, he comes from Newfoundland. Hutchings' Shoes operate a

family shoe store and specialize in the fitting of children's shoes. National Brand lines are carried in shoes for the entire family.

Mr. Hutchings' wife and two children, David and Karen are staying on in Saskatoon until the end of the school term. The family plans to make their home in St. Albert after July 1st. Community Leagues, Cub

and Scouts and the Lions Club are areas of interest in which Mr. Hutchings has worked over the years.

Planning should include cemeteries

St. Albert in need of an additional cemetery? For use of the Catholic Faith division for burial exists in this community or close to it. Indeed the cemetery on a hill makes a tremendous contribution to our sense of historic identity. Wandering along its gravel paths, meditating under its shady trees the presence of its hallways of dead, past and present come vividly together. Here we read a visible record of faith, hope, and sorrow which marked the lives of those who first built where we now live.

Modern impersonal cemeteries and the mobility of suburban patterns of life tend to destroy this kind of memorial to past effort. What a pity the memorials of the dead are the final reminder of that continuity of life and purpose which can along give depth and stability to the continuing community.

With the influx of new citizens, year by year, the need for burial space will become increasingly acute. Many do not doubt will move away before this time comes, but an increasing number, representing every religious conviction or the absence of

it, will remain. Inevitably these fold, after contributing to the life of the community, will desire a final resting place in the community they have done so much to build. Unless space exists for all who may need it, regardless of religious background, the tangible evidence of the passing of many of our citizens will be lost to the community, and the place thereof will know them no more. Surely this should be a matter of concern to leaders of religious life interested citizens and of the Town itself.

We may be thankful for the efforts of the Catholic community which have preserved for us the historic past and met the needs of a large percentage of our citizens. Now, however, a new and greater community is being born which will be as truly representative of Canada's second century as the old was of its first. Will it be the mark of that new community that it was so concerned for its immediate good that it cared not for its dead.

Eighth in a series. Readers comments on this article or any of the five preceding may be directed to the Gazette Box 263, St. Albert.

From the Legislature

by Keith Everitt, M.L.A.

Study of the various bills, clause by clause, is now in progress. Last year a legislative committee consisting of Messrs. Maccagno, Benoit, Enych, Aloisio and Lamothé as Chairman, was appointed to receive representation and recommendations as to interest and concern of the public, with respect to the centralization of schools along with educational opportunities presently being offered in elementary and secondary schools. This committee, now after hearing 162 briefs, and travelling over 3,000 miles to hold hearings all over the province, has submitted its findings. This report is extremely interesting. I would be only too pleased to speak to any group on this particular subject.

An amendment to the Homes for the Aged Act now provides that a member of the Foundation Board doesn't necessarily have to be a council member.

The Alberta Livestock and Livestock Products Act has been amended so that a dealer now has protection if a bankruptcy occurs. This, of course is limited to 80% of the loss. The fund is built up by fees from dealers licenses.

Dr. Ross has introduced a new section to Bill No. 20, an Act to Amend the Treatment Services Act, which will give the Department authority to financially assist persons suffering from rheumatoid arthritis and multiple handicapped persons.

Hearings on the new Municipal legislation will take place on Wednesday, April 5th, Section 391, Sub-section (1) of the School Act, has been amended. This section read "(1) No religious instruction shall be permitted in a school from the opening of school until one-half hour previous to its closing in the afternoon after which time any such instruction permitted or required by resolution of the board may be given." The new amendment will allow now, for a total of not more than 150 minutes of religious instruction per week.

As soon as the Session is over, I will be available once again to tour any high school which so requests. On this occasion, as in the past, I will bring out a bill, such as the Highway Traffic Act, and actually demonstrate the five steps necessary to have this legislation become law. To assure that local politics doesn't become involved, I request the teachers to set up two parties; Democrats and Republicans. I would be pleased to present this demonstration to any other groups who are interested.

The Municipal Assistance Grant is up this year by an extra \$2 million.

The Legal Farmer's Union invited me to attend their meeting where I understand lessons were given on Surface Rights. I'm sorry I was not able to attend, as the Session is in progress, however, I will be commenting on this brief a little later on.

Just a word about Social Credit

Dr. Norman G. Dolman, N.D.P. Candidate, St. Albert.

I sincerely congratulate Mr. Everitt on being nominated to run for Social Credit in St. Albert, but, because I believe that Social Credit has got away with illogical remarks for many years, I wish to comment on the news item covering the nomination in last week's Gazette.

Firstly, Mr. Everitt said: "do you want a member on the government side of the house representing you, or do you want just an ordinary loud noise maker on the opposition side?" In the last provincial election, Mr. Everitt polled 22% of the possible vote - the N.D.P. is running in the latest Gallup polls at 31% in Western Canada. Therefore, which government and which opposition is Mr. Everitt talking about?

No wonder Social Credit is running scared of the N.D.P.!

Secondly, Gordon Taylor, the guest speaker, said that the success of the Social

Credit movement lies in its "ability to change its policies to fit the times."

With this I will agree; not only does Social Credit change its policies to fit the times (I presume he is alluding to the \$25 per month which we have not yet received during the past 32 years, and to "State Medicine" which they promised in 1935 and still have not come through with) but they change their policies to fit the place as well. For example, when we talk of Social Credit, do we mean the British Columbia variety, the Alberta variety, the (Robert Thompson) Federal variety or "Creditiste" Social Credit? And yet he calls the N.D.P. "the most mixed up party in Canada" when it is obvious to anyone that the N.D.P. is the only party whose policies are consistent from the Pacific to the Atlantic.

Thirdly, Mr. Taylor said that since Mr. Everitt was elected, some seven million dollars have come into the St. Albert area by way of

Continued on Page 3

Historic St. Albert

Courtesy of Mr. Wilf Horton publisher of the Vegreville Observer, we received this week copies of the first two issues of the first newspaper ever published for St. Albert. Titled the "North American News", the dateline reads St. Albert, January 12th, 1899 and Jan. 19th, 1899 respectively. The Masthead shows it was published by J. A. H. Prevost, Proprietor, for St. Albert, Alta., N.W.T.

We think readers of this section will find the excerpts carried this week both interesting and amusing. They are reprinted just as they appeared in the original copies. We begin with the lead article of Volume one, number one:

NEWS PAPER IN ST. ALBERT: St. Albert is able to keep a paper yes.

A good paper in a new district like St. Albert, is not only a good thing for the country but the features of it.

We don't calculate to have only the news of the district even to take the interests of this district only because no paper can work for one district and against the other it cannot either work for one province and against the other because no business man or man in the north west territories can do any thing without the eastern Canada.

No paper in the north west can be any good by taking the interest of one district only.

Because we cannot do business in this country, without going through the whole dominion of Canada.

Evau the farmers, cannot get or sell any thing, without the Eastern Canada.

The most of the wheat and oats are sent to British Columbia, and the balance to Fort Williams and to get to the last place it got to go through the the province of Assiniboia Manitoba and a part of Ontario.

We expect that all our readers will send us 50 cents in answer for a years subscription every body ought to have this paper not for the good of the proprietor but for their own good.

The paper is independent regarding the electoral business. We give every one his own right because we don't believe that any man elected by any party, if he has any thing to do right or wrong do it against his party.

THE CANADIAN MANUFACTURE WHERE ARE THE.

Why don't the Canadian manufacture their own material. Invested capital in walen mill is \$9,365,158 and the yearly products is \$8,408,071 and the population of Canada is about 5,000,000 and each one of them is wearing a suit of cloth in a year at \$10.00 each this gives the amount of 50,000,000 worth of cloth wearing in Canada yearly and each one a hat at \$1.00 each wito gibe the amount of hat wearings \$5,000,000, and two suit of underwear at \$1. each \$10,000,000 the amount of wearing in Canada is \$65,000,000 In 1894, 68 per cent of the whole of the water - home trade was done under the British flag so our wool went to Great Britain to be manufactured and then sent back to Canada and sold from \$1.00 up to \$2.00 a lbs after taking away at 10.cts a lbs, at such price for our own wool, why don't we manufacture our own

cloth? and build up our own country and have a market here with reasonable prices for our products and give work to our own citizens, instead of giving it to the old country people.

Great Brittain don't seem to care very much for the increase of Canada, During 1896 there were shipped for direct export to Great Brittain, from Fort William, of Manitoba Wheat—

Via Buffalo and New York 4,535,000 bu Via Montreal 1,622,000 Total 6,157,000, Bushels, and Canada is one of the greatest possession, of Great Brittin, so the should take little interest in the increase of Canada, and instead of importing wheat via United States. Why don't they import it via Montreal? and give work of unloading it off the car and loading it into the ship, to our Canadian citizens?

There are about 10,000, to 15,000. These doing nothing why not give this work to them instead of the United States.

It seems to me by taking it via the eastern Canada, it would not cost them any more because, the can take it all the way either by water or by rail.

IMPORTS: The value of the imports in Canada entered for consumption for the year ended 30th June 1894 was \$113,093,983. The duty collected amounted to \$19,379,822, equal to \$3.86 per head of the population.

The Import for home consumption of manufactured articles ready for consumption were in 1894, \$37,875,314. Iron and steel and manufactures thereof are also imported from out side. We have lots of those mines here in Canada why don't we work them instead of importing the material from out side.

THE BRITISH COLUMBIA MARKET: In the Territories all eyes are turned on British Columbia. The people feel that at last they have a local market worthy of the name, a local market, in fact, of extraordinary possibilities. It will convey some idea of the

An early photo of the first hotel in St. Albert, which was built in 1885 by David Chevigny and became a familiar landmark throughout the large area it served. Courtesy Alberta Gov't Industry & Development.

We are prepared to store for holders, sell on commission or purchase outright. PARSONS PRODUCE COMPANY, WINNIPEG, MANITOBA.

Our readers HAVE THEIR SAY...

REPLY TO ROBERT RUSSELL - GAZETTE.

Dear Mr. Editor:

I wish to reply to a letter which appeared on the second page of the March 22nd issue of The Gazette. The article was written by Robert Russell Liberal Candidate and entitled "Sacred Minister ignores F.U.A. Brief".

I am amazed at the depths to which this Liberal Candidate will stoop in his futile efforts to make political hay. Little wonder his past efforts in the political field have not been more successful.

Fortunately the tape-recorded procedures of the Legislature are on record to prove that Mr. Russell's statements are false. Furthermore, he resorts to petty criticism of me, claiming that I did not "look or listen" to the excellent address made by the M.L.A. Mr. Everitt who sits behind me in the Legislature. Mr. Russell accuses me of speaking to other Ministers while the M.L.A. was making his speech. The recorded record shows that I immediately answered very carefully, each of Mr. Everitt's statements.

When Mr. Russell admits that he sent a note via a page boy to Mr. Maccagno to question my statement about the so-called Farmers' Union Brief to the Alberta Cabinet, I begin to understand the confused questioning by the Liberal Leader after I had already explained why I could not express Government opinion requested by Mr. Maccagno concerning the Brief.

I had already explained to Mr. Maccagno why this Submission entitled "Submission to Provincial Cabinet on Surface Rights by the Farmers' Union of Alberta" had not been presented to Cabinet. The Secretary of the Farmers Union called my office on January 13th and asked me to meet the three Members of the Oil and Gas Committee of the F.U.A. on the

afternoon of February 1st, to discuss the statement in the Farmers' Union Policy Handbook concerning Surface Rights, and I agreed. Then on January 16th, three days later, Cabinet held its Annual Meeting with the Executive of the Farmers' Union and no reference was made to the Submission. One can therefore appreciate my surprise when two weeks later a large group of people including a Mr. Doyle who they explained was their technical advisor and the writer of this Brief, came to my office. Mr. Doyle is a former employee of Mobil Oil who were designated by all the companies to construct the 488 mile pipeline from Rainbow, and he was also a Liberal candidate in the 1963 Provincial Election.

Because I had not seen this long Brief before and since Mr. Doyle wished to discuss each paragraph in great detail, we only managed to cover a portion of it in the one and three-quarter hours that I sat with them before leaving for Hinton. My Deputy Minister continued the discussion after my departure, but since President Babey of the F.U.A. had to leave for another appointment, the entire brief was not covered. A member of the Committee, Mr. Henderson, requested a future meeting with the entire Cabinet when the Brief could be discussed, although he realized that Executive Council had just held its meeting with the F.U.A. less than two weeks previously.

While I did not go into all the details in the Legislature as to dates etc., I did explain to Mr. Maccagno why the Brief had not been presented to Cabinet. Let me quote my conclusion from the taped proceedings:

"Well, Mr. Chairman, partly because of the mix-up of time, they only presented the first few pages to me and said they would present it to the whole Cabinet later. Only about four or five pages of it did I see in their presence,

I have read the Brief since".

When Robert Russell infers in his letter that I only got around to reading a few pages, the exact evidence I have just quoted demonstrates just how irresponsible and vicious he can be.

He should check his facts before he writes such a threatening letter and he should be careful about sending notes into the Legislature to confuse the Liberal Leader who is trying to do a sincere job.

Yours very truly,
A. RUSSELL PATRICK
Minister of Mines & Minerals

MIXED UP AND PROUD OF IT

Dear Sir:

I read with interest your coverage of the Social Credit nomination of Mr. Keith Everitt. I never cease to be amazed at the almost complete political ignorance of Social Creditors, even at ministerial level and the substitution of debate by abuse and invective.

Mr. Everitt - evidently realizing that he is about to lose his sinecure - asks, "Do you want a member on the government side representing you or a loud noisemaker from the opposition side?" Does he really fancy himself in the role of a loud noisemaker on the opposition? The real answer of course is that the St. Albert constituency needs someone who is prepared to speak up at any time whether in government or opposition. We have such a man in Dr. Norman Dolman the N.D.P. candidate.

Mr. Gordon Taylor, evidently trying to cheer himself up, called the N.D.P. "The most mixed-up party in Canada". If he means that we are representative of all classes, religions and races of Canada then we are indeed mixed-up and very proud of it.

The N.D.P. is currently enjoying a tremendous up-

swing in both popularity and the popular vote all across Canada and the latest Gallup Poll shows it now to be the second party on the national scene and in Western Canada to be the FIRST! Contrast this with the dismal showing of Social Credit which is so rapidly declining in both popularity and the popular vote. Not only is it trailing FOURTH but it hasn't even got a national leader!

There you have the two comparisons. On the one hand the New Democratic Party, young, dynamic, progressive, Canadian and growing rapidly --in fact Canada's ONLY growing party. On the other side Social Credit ageing, Victorian minded, controlled by foreign corporations and Canada's fastest DECLINING party. These are facts which no amount of blustering can cover up.

In conclusion may I say that I regret having to write this letter under a "nom-de-plume" but as a civil servant I am fearful of reprisals by my employer - it is not without significance that the Alberta Bill of Rights does not guarantee a man's political freedom! This is something which will quickly be rectified when we achieve the "open society" which we of the N.D.P. desire so much.

"Pro Bono Publico".

POLITICAL PICTURE IS SICK!

Dear Sir:

I have been following with considerable interest, the current proceedings at the Legislative Assembly. I have conscientiously read each and every Edmonton Journal report on the session, and have similarly followed each and every Telenews cast through-out.

As a fifth generation Canadian and a tax payer in this province for 26 years, it saddens me to realize that the Alberta political picture is indeed SICK! SICK! SICK!

We of the general public

should be heartily ashamed. We of the general public are being made fools of, because our Alberta history is being made and recorded for posterity, by totally irresponsible individuals in power in this province. Our grandchildren looking back on us, will hold us in ridicule and contempt!

It is obvious to all thinking intelligent members of the public that the Liberals, Conservatives and Social Credit parties have united, and are

now operating as one united political party. I suggest therefore, that this new party needs a name. May I submit that the name "Social Liberatives" would be the most applicable.

It is my educated opinion then, that at the present time we have two political parties in this province, "The Alberta New Democratic Party" and "The Social Liberatives".

L. G. Watt,
St. Michael Street.

Manning should call Hearing into charges

by Robert Russell.

Now that the NDP member has finally tabled his material in the Legislature and made specific charges of impropriety against Hinman and Hooke, Mr. Manning should immediately move for a complete inquiry by the Legislative Committee on Privileges and Elections. Such a Committee should have wide powers and be able to employ counsel and issue summons and warrants. All members of the Opposition are on this Committee and the Legisla-

ture should accept nothing less than the widest possible terms of reference.

Mike Maccagno called for such a hearing at the beginning of this session and we still feel that this is the best kind of hearing that can take place under the circumstances. For years Mr. Manning has acted as both judge and jury, but this is no longer acceptable. His attitude reflects on his own integrity and on that of the Social Credit Party.

Highway and Municipal road construction.

Does this mean that if we had been represented by a member of a different political persuasion that Highway 2 North would have left off at the City of Edmonton limits and resumed at Clyde Corner? If not, then it does not matter who represented St. Albert during the past 8 years, and Mr. Everitt can claim no credit for the road building programme in this constituency.

And fourthly, if this is not enough of the Grade III logic of Social Credit, listen to this example. A few weeks ago I listened to Mr. Hooke speak in Morinville. He drew a comparison between the people of this province under an N.D.P. government and the inmates of the local prison.

He said that the prisoners had all the advantages of the welfare state - free health care and education, and relief from financial worries, and yet they could not wait to get out of jail. Even if we assume that all the prisoners DO want to get out of jail, this is an example of a simple error in logic called "non sequitur" - the conclusion does not follow from

ADMISSION\$1

the original statement.

What he is saying is, that if we change the conditions in jails to a Social Credit system - in their words, every man for himself - pay for your own health care, and try to figure out where your next meal is coming from - the prisoners would be so overjoyed they would be flocking to get INTO the gates!! I wish to point out that if the local Social Credit candidate cannot come up with better and more scientific arguments than his bosses in the Cabinet, he is in for trouble when election time comes!

MORE READERS HAVE SAY

"Mr. Walker inaccurate"

Mr. Walker's letter concerning assessments in the City of Edmonton was grossly inaccurate in stating that Edmonton doesn't include local improvements (streets, mains, curbs, etc.) in assessing land values.

The Chief City Assessor confirmed that the City does indeed include them.

When Edmonton is reassessed in 3 or 4 years, land values will likely be higher than in St. Albert. The discrepancy results from the impossibility of assessing every lot in the province in the same year.

It is difficult enough to understand the assessment procedures and uninformed inarticulate advice is not needed at this time.

The Council is doing all it can to get a fair equalized assessment from the Government and another 300 appeals on the same point (caused by the misleading letter) contribute nothing at this time. R. Wheatley.

Lloyd: "I saw a psychiatrist today about my memory lapses."

Floyd: "Oh really? What did he do?"

Lloyd: "He said I'd have to pay my bill in advance."

Cold fingers and cold instruments make the going a little tough for the Cadet Band at Sunday's Sugar Bush, but they came through in grand style.

Conservatives plan for new constituency

More than 50,000 Edmontonians will vote in a new constituency in the next federal election.

The new electoral district of Edmonton Centre, with a population of more than 83,000 offers Canada's political parties the equivalent of fresh new ground to break. The Progressive Conservatives started breaking that ground on Thursday evening, March 30, when they held a meeting to organize a constituency association for Edmonton Centre. The Hon. Marcel Lambert, Member of Parliament for Edmonton West, and Bill Skoreyko, Member of Parliament for Edmonton East, were guest speakers at the meeting, in the Kingsway Legion Auditorium on Kingsway at 105th Street.

Under the chairmanship of Regional Director Roy Watson, the meeting elected executive officers and discussed plans for a nominating convention.

Interest in the candidacy for the new federal constituency is already running high, and it is understood that two

local businessmen, Jack Jewell and Lex Miller, intend to be in the race for the Conservative nomination.

The federal constituency of Edmonton Centre is contained mainly in an area bordered on the north by 137th Ave., on the south by the North Saskatchewan River; west by 149th Street and the St. Albert Trail; and on the east by 97th Street to 111th Avenue, then further east to 84th St. The electoral district contains areas that were formerly part of Edmonton West and Edmonton East, both constituencies that have been solidly Progressive Conservative since 1958.

The Hon. George Hees addressed the Macdonald Cartier Club at its regular monthly meeting on Monday, April 3rd, 12 noon in the Alberta B Room of the Chateau Lacombe. Mr. Hees, former Minister of Trade and Commerce in the Conservative Government, is a candidate for the leadership of the Federal PC's at the convention scheduled for Toronto in September.

Seperate School Board Meeting Briefs

BOARD BRIEFS:

At their regular Monday night meeting the Separate School Board considered a letter from the Monarch Car

Club requesting the use of the Industrial Arts Shop at Paul Kane, Dr. A. Proudfoot recommended that this request not be granted because "the area is not suitable because of limited space". The Club, which at present has

instructing an automotive class, Chairman of the Board Mr. R. H. Harvey felt that the shop at Paul Kane and its equipment should be put to use if someone is available to instruct and supervise the boys.

All is well at Father Jan. The building is being inspected thoroughly and regularly and no new complaints have been received by the administration.

Dr. Proudfoot reported that the Budget is not ready yet, but said it would be available to the Trustees prior to next Monday's meeting, at which time the Building Program will be discussed.

Around Town

A large crowd of women, including a number of visitors from Villeneuve were on hand at the Parish Hall, to hear Mrs. Adelynn Hewett Edmonton lawyer, speak on Wills, testaments, income and estate taxes Monday evening. Her highly informative talk was sprinkled liberally with touches of humour and the interest in her subject was obvious from the many questions directed to her from the audience.

The log cabin built by the combined efforts of members of Association Canadienne Francaise and local volunteers John Beedel, Claude Valliere, Frank Ricard and Don Gagnon, will remain in St. Albert Lions Park - a permanent reminder of the Centennial Sugar Bush held here on Sunday. The tremendous co-operation of Parks Superintendent Andre Gate was greatly appreciated by the Association, who said he was tremendous in liaison between the Association, the Lions and the Town. The group were also most grateful to Ross Trucking whose loan of equipment was an invaluable aid in getting the site ready.

SASS

contestants took them off. Results of this interesting match will be known next week.

14 members were on hand for Monday night's regular meeting in the Community Hall when the March club results were announced as a total of 23-1/2 pounds lost. Any St. Albert women interested in buying a size 12 summer outfit rather than a size 16, or suffering some pangs when they think about bathing beauty figures at our new pool later on, would be warmly welcomed by the serious slimmers. Just drop in at the Community Hall any Monday evening at eight o'clock.

Morinville Memos

Morinville wishes to join many citizens of the district to congratulate Rev. Walter Fitzgerald on occasion of his 25th Anniversary of his ordination in Emergence Church last day. (Full coverage in the issue.)

Congratulations to Miss E. Henshoot and Miss C. Rtkiw who recently passed high marks in their piano exams. Miss Henshoot rated in her grade 6 piano exams, 91 Woytkiw rates 91 in her grade 5 finals. Both are pupils of Prof. J. Surette of Morinville.

On Tuesday March 28th, the Morinville Lunch Bar, celebrated its re-opening with a very attractive redecorated interior to the popular eating place. The public was treated to free coffee and treats during the afternoon. The winner of the beautifully decorated cake, a gift from Honey Boytery, was Ken Wright, Mr. Mrs. Karl Maslyck are being complimented for their generous hospitality.

It is now official as of Saturday, April 1st, Mr. Ferd Stelte is now sole owner and manager of the Alberta Hotel. Mrs. Marty Stelte will also be an active partner, as book-keeper and in charge of the housekeeping. Best wishes to Mr. and Mrs. Stelte on their new business venture.

Edmund Carlson, small son of Mr. and Mrs. Ewald Carlson, is now recovered from two operations to his eye. He is doing fine at home and results are most gratifying.

Mr. Joe St. Laurent Sr. has returned from a stay in the Peace River area with his sons.

Mr. and Mrs. Paul Labonte have moved into the home formerly occupied by Mr. and Mrs. Real Cormier.

Sincere expression of sympathy is extended to Mrs. Ledia Baer and members of her family on the sudden death of her husband, Jack Baer, 63, which occurred on Friday March 31st. Mr. and Mrs. Baer had just returned from a trip to Edmonton, Mrs. Baer had gone into the house with some parcels, when she noticed that Mr. Baer was still in the car. Upon investigation she found that her husband was dead. Funeral services were held in Edmonton on Tuesday, and interment followed in the city.

Mr. Baer and family had moved to Morinville some five years ago, from Edmonton. He had been retired for several years on account of a bad heart condition. Mr. Baer was a steam engineer by trade and had worked on many huge projects in his active years. Besides his loving wife, he leaves five children; Ronald, 25; Arden, 14 at home; three daughters, Marjorie of Edmonton, Dianne of Acme, and Shirley of Edmonton.

MORINVILLE Ph. 256-3114

Monday, April 3rd, was indeed a welcome day for all parents as school began the last semester before the holidays. It was a great day also for all the English kindergarten scholars, who registered for a three months introduction to the classroom routine, before entering Gr. 1 next September.

On Friday evening, at the Morinville Centre, the Princess Ball will be held. The Grand March will take place at 10:00 p.m. to introduce the five Princesses and our Morinville Frontier Daze Queen, Miss Carol Hittinger. Don't miss it.

Last Friday evening, the Morinville Y.R.C. had another huge success with their Go-Go dance at the Pad. On Saturday and Sunday of this past week the Hidaway was a beehive of activities. Results of winners will be published next week.

Mr. and Mrs. Walter Samorski and daughter Karen Leigh are now residing in the suite next to Mrs. Alice St. Germain.

Miss Jeanine St. Germain daughter of Mr. and Mrs. Gerard St. Germain, left on March 24th for Montreal. Jeanine was chosen to work at the AGT Pavillion at Expo '67. Congratulations Jeanine. What Legal can do we can do also. Except broomball to date.

It may not feel like spring, but many crows and other summer birds have arrived.

Mrs. Fay Middleton has returned from a winter holiday in the West U.S.A. Coast.

At present both Mrs. Middleton and Mrs. Gertrude Ricard have hundreds of boxes in their greenhouses, full of little green shoots. All we need is the old sun to warm things up.

Next Sunday, April 9th the entire population of the district is invited to contribute and support the Morinville United Church group, by attending the Smorgasbord supper at the Morinville Centre from 5 - 7:00 p.m. You will have a good meal and take the whole family for a Sunday dinner away from home. Support their building fund.

Lion Governor Art Stapleton and District Cabinet Sec., Lion Jeet Khullar, accompanied by their Lionesses, travelled to Manning for the installation of a new Lions Club. This is the sixth new Lions Club installed this year in District 37B. It was a busy week for our Lion District Governor, on Wed., of last week he was the guest speaker at the Edmonton Lions Club.

The recent Lions Club sponsored Bingo in Morinville, netted a profit of \$108, and all this will be spent in Morinville for Community improvements. Mrs. Dorothy Curtis was the lucky winner of the Lucky Six draw for March. During May the Morinville Lions will hold their annual charter night and this will also be combined this year as the Zone Social since this is the home of Lion Governor Stapleton.

Among those making the headlines and notices on T.V. and in the Edmonton Journal this past week, were Mayor Henry Ramsay, who did not make a kill at the Western Show Shoot-out with Mayors: Vince Dantzer of Edmonton; E. Toschack of Drumheller; and Dick Fowler of St. Albert. Top honours went to Lacombe, George Schafers of the district, Mr. and Mrs. Joe Nault of Legal, Mrs. Joe Nolte of Morinville, and Lions District Governor Art Stapleton of Morinville all rated an acknowledgement from the big city T.V. and Press. Governor Stapleton was presented with a silver pen and pencil set as a token of appreciation from the Edmonton Lions Clubs.

A very large number of people attended the Suppering Party in St. Albert last Sunday Afternoon. Maple syrup treats were enjoyed by all.

Miss Colette Grouin was a Easter holiday guest at the home of Miss Rachelle Pelletier.

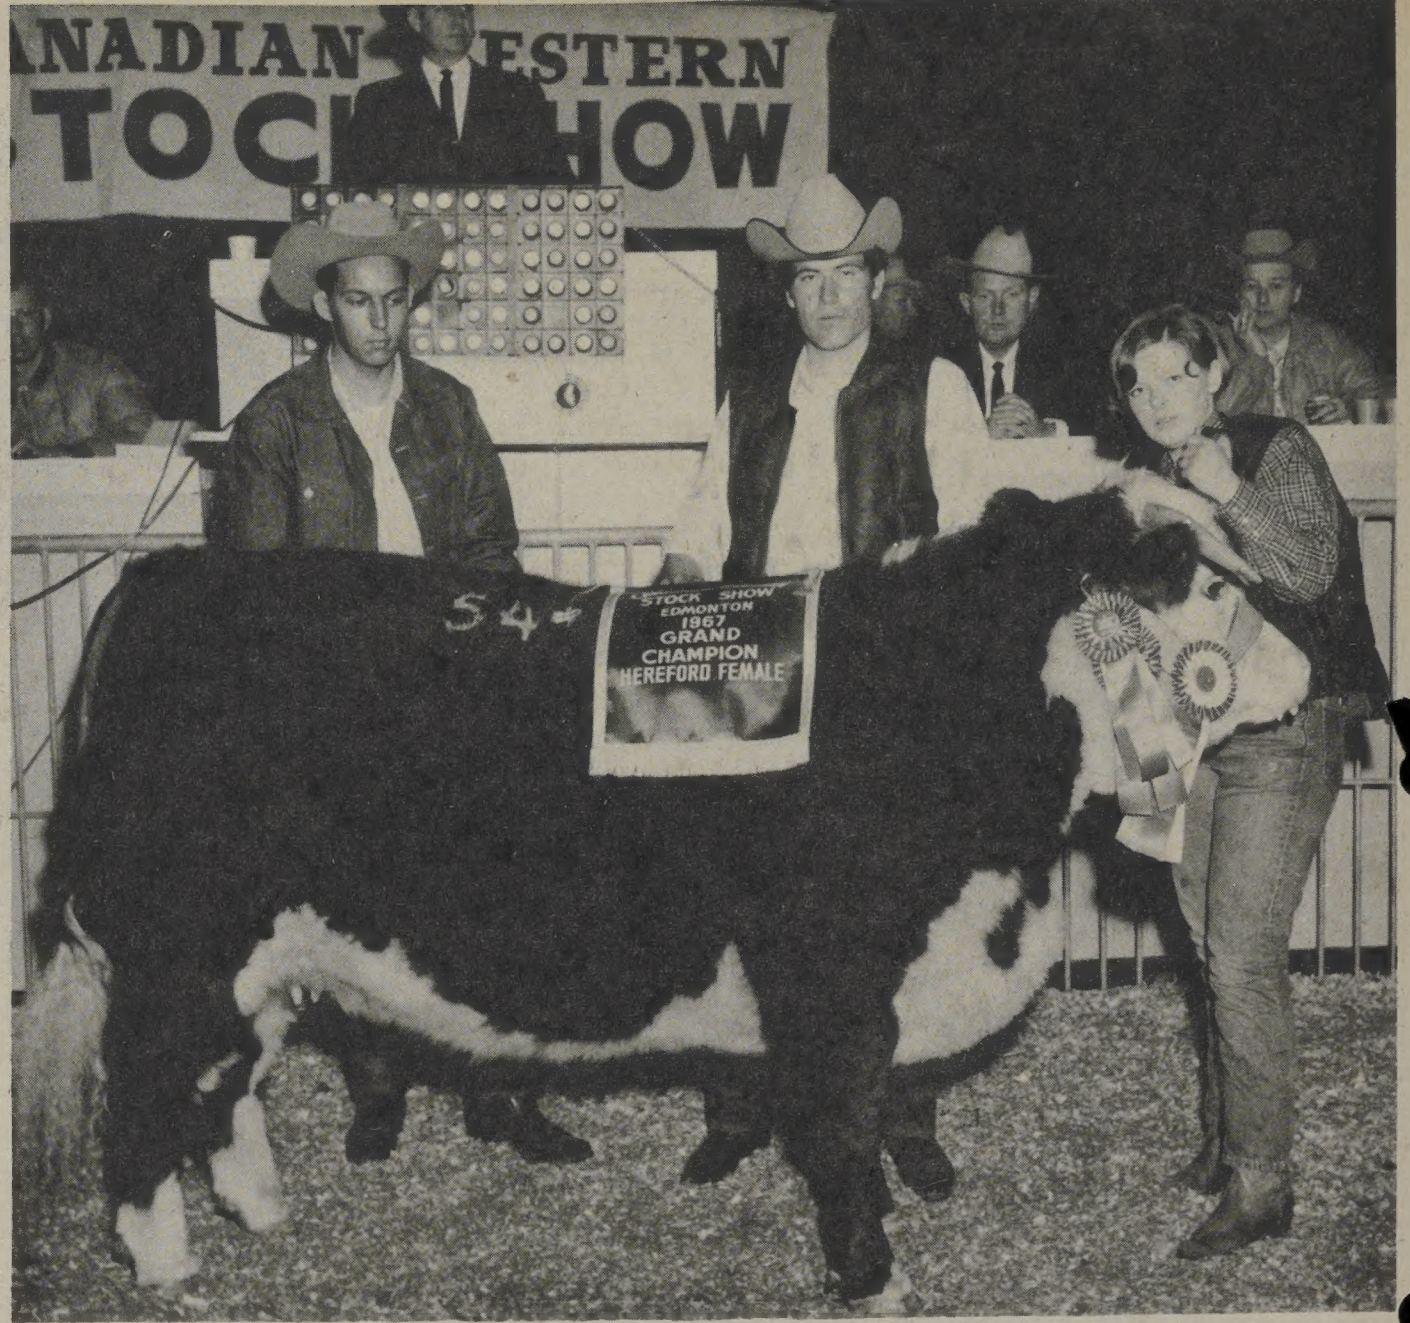

Madame Henri Desnoyers is visiting at Castor, Barrhead and Edmonton before her departure for the East.

Agricultural Service Board Meeting

Present: for the March 8th meeting of the Agricultural Service Board in Morinville were Councillor, Wm. Flynn, Farm Members, Angus McDonell and Jim Visser, District Agriculturist, S. Powers and Secretary Treasurer, A. J. Nobert.

CENTENNIAL PROJECT:
Mr. Powers reported on the meeting he had attended with the Edmonton Association for the purpose of discussing a centennial project of said Association with intentions of presenting special farm awards to outstanding Livestock Breeders. He reported that the members felt that such awards could create confusion and most probably unhappiness to people not receiving such awards. He stated that this Board would have to be careful not to undertake any projects that might cause such dissatisfaction.

Mr. Flynn suggested that the Board should possibly consider the management of farms that should be under supervision or reclamation. Such farm or farms could have demonstrations strips of land pertaining to the use of chemicals on weeds and wild oats, others on the advantages of using various kinds and amounts of fertilizers, the use of forage seeds and etc. This idea was well received but such projects should not only be during the centennial year but on every year basis. Mr. A. McDonell questioned if any consideration had been given to the erection of nameplates for every farm resident. Mr. Powers informed the Board

Grand Champion Hereford Female shown by Bill Paul of Namao and sold to Larry Dent of Calmar for \$725.00.

Namao's Bill Paul shows Champion Hereford

All the polled Hereford bulls were sold Tuesday, and they made an average of \$630 on 34 head, well above last year's \$503 average on the polled Herefords.

Hereford female, an entry of F. J. Adby and Son of Edmonton, sold to A. & R. Balay of Rochester for \$500.00.

Horned Hereford females made an average of \$555.00

on six head, well above last year's \$356.00 average. The polled Hereford females, 5 head, averaged \$451.00 compared with the \$428.00 average last year.

In the sale of Hereford females Tuesday, the Grand Champion sold by Bill Paul of Namao, and brought \$725.00 from Larry Dent of Calmar. Reserve Grand Champion

Sportsman's dinner a sellout in Morinville

Easter Monday the annual Sportsmen's Dinner sponsored by the Morinville Curling Association was held with a full house on hand to enjoy a lively evening of entertainment and witness the draws for some \$2,150.00 in cash prizes, at the Morinville Centre.

Festivities began with a fried chicken dinner and Mr. and Mrs. Harry White were hosts for the evening.

Among those who won cash awards were: First ticket - \$25, value Maurice Schayes and Octave Himschoot of Morinville. Other \$25, ticket winners were Gib Boddey and A.

G. St. Laurent; Henry Alt-miks; Paul Casavant; Roger Laplante and Bert Ouellette; S. Serenas and Bernard Krauchuck; Harvey Stelte and R. McCallum; Real Cormier.

The \$10, cash winners: Mr. and Mrs. Ed Vervynck of Revelstoke B. C. Royal Bank Staff, Morinville; Kark Maslyck; Paul Brochu and Ralph Gaetz; Vic Boddez and Louis Kay; Morinville Ladies Curling Club; Remi Girard; John D. McRae; W. Bucholtz.

The big winning ticket valued at \$1,050.00 was shared equally by Angus McGillis, the Lucky Four, H. E. White

and Raymond Como.

The evening program terminated with a dance and buffet lunch. The Morinville Curling Association is grateful for the support received in this fund raising project.

Health Program launched for grain industry

An industrial health program to examine all workers in grain elevators, seed cleaning plants and feed mills in Alberta will be conducted this spring, it is announced by the Hon. Dr. J. Donovan Ross, Alberta Minister of Health.

Chest, respiratory and allergy examinations of about 250 persons in Edmonton and within a 30-mile radius have been completed by Dr. H. Siemens, director of Industrial Health Services of the department, and the operator

of the mobile van designed for the program. The Unit will be in Calgary April 3, then move to points east along the Trans Canada Highway and to Medicine Hat.

Through April, May and June the unit will be routed on a zig-zag course northward, with stops scheduled at 40 points.

More than 2,000 employees of the 1,400 grain elevators, mills and seed plants will be covered by the survey. The grain companies are co-operating to have all workers transported to the survey points.

It is the first attempt to cover an entire industry throughout the province in one continuous survey.

Four points are covered in each examination. First, an extensive questionnaire is completed, covering occupational history, smoking history, chest illnesses, coughing or breathing difficulties and allergic, asthmatic or

skin disorders. Then a chest X-ray, a test of breathing capacity and a seven-point skin test for allergies are given. The skin test is intended to show any reaction to fungi from grain seeds, mixtures of weed seeds, or grain dust. The breathing test records any impairment in respiratory or lung capacity.

Information from the tests and the history sheets will be tabulated on punch cards so results of the survey can be quickly computed.

Any serious disorders or abnormalities detected by the survey will be reported to the individual so he may receive treatment from his family doctor. Results of the complete survey will be studied to see whether the findings should bring recommendations for any changes in grain handling methods, equipment or ventilation, or in protective devices such as masks or hoods worn by workers.

The survey is being conducted as part of the program of industrial dust surveillance which has dealt in the past with mineral dust such as coal and silica, and such fields as sand blasting, gravel crushing, street sweeping and foundries. The present program is the first to deal with the problem of organic dust, from living matter.

A tantalizing aroma from boiling pots of Maple Syrup in the Cabane A Sucre attracts an eager crowd to the centre of interest at the Sugar Bush. Gazette Photo.

A rainbow for Canada

by Patricia Hamilton.

Centennial travellers might be interested in seeing the first Northwest Mounted Police Fort site in Alberta. The fort was built in 1874 on a large island in the Oldman River and was named Fort McLeod after the colonel of the first police detachment in the West. The island was chosen to give natural water protection and the area provided plentiful trees for building and fuel. The present town of Fort McLeod is built along the banks of the Oldman River but the historic island can still be seen.

Seed catalogues are arriving and we do-it-yourself gardeners are busy planning our spring planting. While we do this it is interesting to remember that some of the first gardens in the West were sown and harvested in St. Albert in 1861. All the work was done by hand. By 1868 St. Albert was famous as a rich crop growing area. That fall, under the organization of Father Lacombe the harvest yielded, among other things, 700 barrels of potatoes, 200 barrels of cabbages, 11 barrels of carrots and 11 barrels of onions. Some grain was grown on a small experimental scale. Times were not easy, and as now, the weather did not always co-operate. In 1876, for example, hail destroyed the en-

tire planting. Often famine threatened to wipe out the brave, but small settlement of St. Albert. However, the Hudson Bay Company helped by selling food at the lowest possible prices and the Lakes were harvested for food. On one expedition two Brothers from the Mission returned with 2000 pounds of fish from Lac Ste. Anne. More settlers came, some stayed and others returned to the East.

The years passed hardships came and went. St. Albert grew and prospered. Finally, in 1884, St. Albert was surveyed as a Town. As we scatter our seeds this spring we can do so with a sense of history.

There are many reasons for a country to be built. If history is examined for the very basic elements for exploration and settlement the outcome is usually surprising. Canada can be said to be built upon codfish and iron kettles. Before Columbus sailed west in 1492; before Cartier appeared in Eastern Canada; in 1534; European Fishermen were coming to what are now

Canadian waters, to fish. There were whistled stories of a land far to the west but to protect their fishing grounds generations of fishermen did not announce their discovery. Therefore, codfish brought the first European settlers to our shores. They had little fraternization with the Indians but they did swap iron pots for the native furs. Metal objects had hitherto been unknown to the Indians so they treasured them. The furs were of little value in Europe. They were from strange animals and a market for them did not exist. Even after Cartier sailed into the St. Lawrence the only fur traders were the fishermen. But by the beginning of the 17th century beaver hats became the vogue in Europe and fur trading became a business. De Champlain began the first organized trappers. As the animals near shorelines became scarce the trappers followed them further into the wilderness and the opening up of Canada began. It can be summed up then that we are here because of fish, fur, pots and woman's vanity.

One of the most interesting Centennial projects is the exchange of high school students from one part of Canada to another. This week's salute goes to the success of this plan.

Trustees Meet

March 14th, 1967.

Present were: School Trustees Messrs. Austin, Lesburg, McDowell and Wilson; Superintendent, A. E. Kunst; Sec-Treasurer, C. Krauskopf; Recording Sec., J. B. McDermott; Municipal Rep., L. Kluth. Also in attendance were Messrs. Mitchell and O'Coyle from the Faculty of Education, Department of Educational Administration, University of Alta. Edmonton. This being the Organization Meeting, the Sec., -Treas., Mr. Krauskopf, called the meeting to order at 9:00 a.m. and called for nominations for a Chairman for the ensuing year.

Mr. Austin nominated Mr. Wilson for Chairman. It was moved by Mr. McDowell that nominations cease. The Sec., declared Mr. Wilson elected Chairman for the ensuing year. Mr. Wilson took the chair and called for nominations for a Vice-Chairman.

Mr. Lesburg nominated Mr. McDowell for Vice-Chairman. It was moved by Mr. Austin that nominations cease.

The Chairman declared Mr. McDowell elected Vice-Chairman for the ensuing year. It was moved that the minutes of the meeting held on Feb. 14 1967 be approved.

COMMITTEE APPOINTMENT: Finance Committee: Mr. J. McDowell and Mr. G. Wilson. School Buildings and Maintenance Committee: G. Wilson, R. Austin and A. Lesburg. Transportation Committee: R. Austin, A. Lesburg and J. McDowell.

REPRESENTATIVES: Mr. McDowell was appointed Sturgeon's representative to A.S.T.A. Zone 2 meetings. Mr. McDowell was also appointed the Board's representative to the Municipal District of Sturgeon Meetings. Mr. Austin was appointed to represent the Board at the Sturgeon Principals' and Vice-Principals' meetings.

BUS INSTITUTE: Mr. Austin reported that a total of 63 bus owners and drivers had participated in the Bus Institute held on February 28 and March 1st.

LONG SERVICE AWARDS: It was moved that Long Service Scrolls be sent to - Roy Davis, Wm. R. Unterschultz, John D. Crozier, Mrs. M. D. Davis and Alan Mills in recognition of their 20 years of service as bus drivers.

Letter was read from Mrs. Della Gibbons, of the Gibbons Sunday School Circle, Gibbons dated March 1, 1967 re sale of school building. It was moved by Mr. McDowell that

The regular monthly meeting of the above Society was held on Tuesday, the 28th of March, 1967, at the Fort Saskatchewan Hospital. The meeting was called to order at 8:40 p.m.

Those present were: Dr. Bauld, Dr. Cuts, Dr. Hardy,

ped in Montreal where they had a family reunion. On their return Mr. Deslaurier left immediately for California to purchase spring bees for his Legal apary.

Miss Rita de Champlain flew home for Easter from Vancouver, where she is taking a post-graduate course in nursing administration.

The Legal community wants to welcome Mr. and Mrs. Thomas and family who are operating "Lad's Esso Svc" south of the Legal corner.

Our expressions of deepest sympathy is extended to Mr. and Mrs. Paul Cloutier and family on the recent death of Mrs. Cloutier's father Mr. Albert Richard of Plamondon. Funeral services were held last Tuesday in Plamondon.

Mr. and Mrs. Robert Montpetit Jr. were weekend visitors in Legal. Mr. Montpetit is employed at Pine Point.

The Ladies of the Ukrainian Catholic Church of Waugh wish to express their thanks and appreciation for the generous donations, and to everyone who contributed to make their Easter Bake Sale such a success.

The lucky winners for the draws were: Mr. Peter Borozak for the Easter cake, Mrs. Leo Regimbald won the Easter bread and Miss Rose Bilodeau the other cake.

Sincere thanks are extended to the Legal Co-op Management who so willingly allowed space in his store.

Mr. & Mrs. Maynard Munro of Bluffton took advantage of the Easter holidays to come back and visit old friends.

One of our retired citizens in the person of Mr. George Montpetit found our winter so long he thought he'd buy himself work. What did he buy? An old residence in town and is busy tearing down the house "FOR HELP"! he hired his loving wife as a "nail and board picker". What a better

Vivid Cottons for summers fashions

The new ease of spring and summer fashion is seen in a silky cotton ensemble designed by Eleanor Ellis of Montreal. The skimmer dress has a wider hemline, the button-up jacket has the shorter younger look.

way to stay young and healthy than keeping yourself occupied.

Some 30 ladies attended a miscellaneous shower in honour of Miss Peggy Snider in the home of Mrs. Mariam Mackenzie of Bon Accord. Peggy will become the bride of Mr. Roland Montpetit in a church ceremony in Legal April 8th.

The basement of the Community Hall was redecorated and a new stove purchased.

Father A. Houde travelled to Vancouver to attend a religious and priestly vocations workshop. Father was representing the St. Paul Diocese for the Western Provinces.

Namao news

The district wishes to extend get well wishes to Mrs. Donald Harrold and Mr. Clayton Crozier who are in the Royal Alexandra Hospital, and to Mrs. Al McNeilly who is recovering from a recent heart attack.

Sympathy of the district is extended to the principal of Namao School, Mr. Tanasiuk and the Tanasiuk family upon the passing away of his daughter Mary Anne. She was a student at Namao School and will be sadly missed by her many friends and schoolmates.

Mrs. Harvey Coburn of Edmonton formerly of Sunnyside has passed away and our sympathy goes out to the Coburn family.

In games at Legal against Legal on April 1st, the Namao Pee Wee's and Bantams were victorious. The Pee Wee's won by a score of 4-1, while the Bantams came home with a 6-4 triumph.

On March 27 at Legal the Namao Pee Wees were the 7-2 victors of a game against Legal. Following this game the Namao Bantams were defeated by Legal by a score of 8-6.

In a game at Fort Saskatchewan on March 29th, a Fort Saskatchewan team defeated Namao Seniors by a score of 7-2.

Sun-seeking cotton fashions run the gamut from trimly tailored suits and pantsuits to disarmingly feminine dance dresses. From short, swingy min-skirts to long, exotic jumpsuits, reports the Canadian Cotton Council.

As varied as the silhouettes are the many faces of cotton. Crinkle cotton is, of course, the biggest newsmaker, but rugged cottons like canvas and homespun and more delicate fabrics like voils and dotted swiss will occupy an equally prominent place in the sun.

The colour explosion goes on and on. White, a perennial favorite, now mixes freely with clashing combinations of purple and red, lime and bright pink.

While the modern eye accepts the unusual in bi-colour arrangements, it also looks favourably upon the whole new crop of primitive prints, stylized florals and bright stripes.

Primitive prints meet savage shapes head-on, creating wildly exotic fashions. Cut in this mold is a one-shouldered, ankle-touching jumpsuit that falls from a high empire bodice. The long culotte is interpreted in an abstract-printed cotton sateen that brings together earthy tones of gold,

Chateau Sturgeon

A number of citizens from the home went out with their families for Easter.

Three from the home have been hospitalized in the past week. Mr. Ed. Brisson is in the General Hospital, while Mrs. Provencal & Mr. Leduc are patients in the Westlock

Driver Fatigue and Accidents

DRIVER FATIGUE: The Ontario transport department has produced statistics which indicate that highway accidents caused by driver fatigue are almost negligible when compared with some other easily recognised causes. About 90% of all accidents happen when the condition of drivers is "apparently normal" and some 60% occur in daylight. But Paul Ingram, editor of Bus & Truck Transport, poses the question: "How do you determine if an accident is caused by driver fatigue?" Fact of the matter is, he says you seldom can tell unless a accident-involved driver makes a positive statement to this effect. Occurrence of an accident barring injury, he points out, is almost certain to snap even the drowsiest driver into a state of alertness. Ingram believes driver fatigue is a factor in more accidents than the statistics indicate. He supports the contention that as many as 60% of all accidents (excluding those caused by drunken driving) have fatigue as an important contributing factor.

... is ever quite equal to the warm welcome extended to newcomers by the Welcome Wagon Hostess. Her smile may be no brighter, her greeting no more cheerful, but she's made the welcome more a work of art than a mere greeting. ... complete with a galaxy of gifts and helpful information on schools, churches, shops and community facilities. So when a new neighbor moves in, follow up your happy hello with a Welcome Wagon greeting. A Hostess awaits your call at

A medley of primitive colours printed on cotton sateen enhances the exotic flavour of this shoulder-baring fashion. The sophisticated jumpsuit is designed by Leo Narducci at Guy D.

black, red, green and brown. However voguish cotton is today, one can always find the conservative and yet elegant little cotton suit or coat and dress ensemble for travel weddings or just socializing. Soft feminine lines and cool, comfortable cotton all add up to a very attractive fashion season.

Hospital. To these persons a speedy recovery, remember your friends are waiting for you to play that "card game".

Mr. and Mrs. Poullotte had a number of visitors from Sask., last week, among them was their son who is pastor of the St. Louis parish in Sask. That afternoon the staff held a bingo and invited the guests to play, several of them were lucky winners.

On behalf of the Senior Citizens and the staff I would like to express their thanks and gratitude for the Ladies of the Ukrainian Catholic Church of Waugh who thought of bringing them a variety of delicious pastries, to the Morinville Youth Club for the box of chocolates and also the Rev. Sisters of the convent for their beautiful cake that was enjoyed by all for the Easter supper.

To these thoughtful people "thank you". You have helped to carry the message of Easter and made that day more enjoyable for our Senior Citizens.

Shower honours Paulette Champagne

On Sunday, April 2nd Miss Paulette Champagne was honoured at a miscellaneous shower held in the Community Hall with some 135 ladies attending.

A novelty arrangement featuring an umbrella fastened to a clothes basket decorated in white with pink flowers was overtopped with gifts.

Seated at the head table was the guest of honour who looked radiant in a white lace dress complemented by a corsage of tinted blue carnations. She was accompanied by her two future bridesmaids Miss Susan Tieulle and Miss Carol Phillips.

Several games were played and enjoyed by all. The lucky winners were Misses Carol Zolkoski, Rita Tieulle, Marguerite Bonnet, Mrs. Angela Montpetit, Antoinette Templeman and Rita Tailleux.

After the opening of the gifts, Paulette thanked everyone for coming, for their beautiful and useful gifts. She also thanked the hostesses Mrs. R. Champagne, Mrs. F.

Coles and Miss Tieulle for organizing such a lovely afternoon in her honour.

Miss Champagne will become the bride of Mr. Gerard Tieulle on April 15th at a church ceremony in Legal.

DR. GREENHILL Continued from Page 5 Dr. Sheppard, Dr. Skrobot, Dr. Tworek, and Dr. Young.

The minutes of the previous meeting were adopted as circulated on a motion by Dr. Young, seconded by Dr. Ball.

The guest speaker was Dr. B. Greenhill, Orthopaedic Surgeon. His subject was "Injuries of the shoulder and rotator cuff," and his presentation was supplemented by X-rays and slides. The members present participated in the subsequent discussion.

It was decided that the next meeting of the Society would be held on the 24th of April, 1967, at 8:30 p.m. in the offices of the Sturgeon Health Unit.

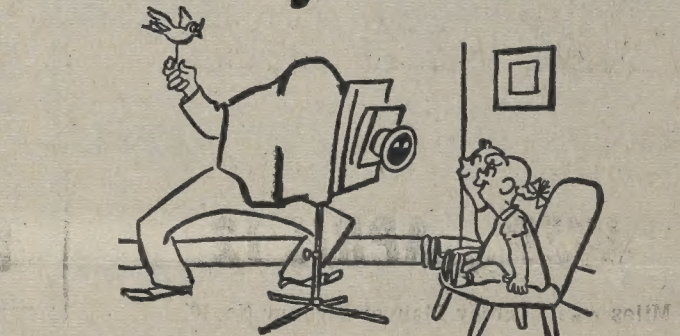

Following refreshments the meeting adjourned at 10:45 p.m.

Welcome Wagon

A hearty WELCOME to our 'Newcomers' - this week Mr. and Mrs. Wayne Andrew and family, Mr. and Mrs. Jack Dyck, of Grandin Park area, Mr. and Mrs. A. J. Stanley Uren, and Mr. and Mrs. Barry Alliston and family of Braeside and Sturgeon respectively.

Mr. and Mrs. Armand Carignan and seven children are quite delighted with the results of their family Centennial Project. A beautiful unique feature wall is now the focal point of the family room, in their home at 65 Mission Avenue.

Starting with a pile of carpet scraps and cuttings which Mr. Carignan had accumulated through his work as a carpenter, and a large rather bare looking wall in the rumpus room, they came up with a plan to make a carpet tapestry. As they discussed designs everyone agreed it should be a Centennial one and they decided on the Centennial Emblem. First they glued pieces of beige carpet on a plywood panel 21' x 4' for the background. This gave them room for three large Centennial Emblems of eleven triangles each and they used their bright colours to fashion these. To complete the panel they added borders of red and blue on each end and between the sections, making a striking and decorative wall tapestry.

Two sections of the Centennial Wall tapestry designed and made by the A. Carignan family are shown in the above picture. The panel extends to a third panel at left and is hung in the family room of the Carignan's home on Mission Avenue. Photo by John's Photo Craft.

As previously announced in this column, a Baseball Clinic for coaches and umpires will be held in the Leo Nickerson School, Sycamore Ave., from April 10th - 13th (inclusive) commencing each evening at 7:00 p.m. A very interesting agenda has been prepared for each evening by the Alberta Baseball Umpires Association. Copies of the agenda can be obtained by calling at the Parks and Recreation Dept. Office in Town Hall.

This Seminar is designed both as a refresher course for former coaches and umpires and as a training course for those interested in becoming involved with baseball during the coming season. There is no charge and we hope to have a large turnout as baseball forms a very important part in the Spring recreation programme of the younger generation in St. Albert. Without coaches and umpires this programme cannot function. In making plans for the Clinic, the players have not been forgotten and a film especially for them will be shown on Tuesday evening as part of the agenda. For further information and copies of the agenda, call the Parks and Recreation Dept., office at Town Hall; phone number 599-6601, ext. 35.

TEENS

We hope you haven't forgotten the announcement last week about the organizational meeting. In case you missed it, here it is again. The date: April 6th; the Time: 7:00 p.m. the Place: where else but the Clubhouse? And it is a meeting arranged so that YOU can make plans for YOUR summer programme. So do come - and bring along as many friends as you can and let's have an exciting meeting as a prelude to an even more exciting summer.

LEADERSHIP SEMINAR

The next session of this seminar will be held in the Clubhouse, 5 Grenfell Ave., on Wednesday, April 5th, at 8:00 p.m. when the speaker will be Father Primeau of Morinville. The topic of his talk will be "Public Speaking" and the evening promises to be both stimulating and instructive. To clear up some misconceptions that have no doubt arisen, this Seminar is designed as a direct benefit to clubs and organizations as well as individuals, in that they will develop leadership within their own groups, and at home. Expensive courses in leadership can thus be avoided and a ready supply of leaders for most occasions will result.

SKATING RINKS

We thought it would never come but Spring finally did arrive! And with the Spring, as happens every year, came the official closing of the skating

Continued from Page 4

Information on New Fertilizers available was read at the meeting and ordered to be filed.

Each member was provided with a copy of Summary of Agricultural Service Board activities during 1966. Which was filed for future reference. DEMONSTRATION PLOT RESULTS 1966:

From the County of Camrose. These results were examined by the Board Members and ordered such information to be filed.

ARDA SURGEON RIVER SURVEY:

Inquiries were made by Mr. Powers from the Water Resources Branch as to the present status of this proposed survey. It would be appreciated to know what progress has been made on this particular project.

BRUCELLOSIS GRANT PAYMENT:

Letter from the Department advised that all applications

for the 1966-67 brucellosis grant payment be submitted prior to April 10, 1967.

Moved that the Secretary Treasurer advise and request all Veterinarians to submit their Brucellosis Vaccination accounts in sufficient time to allow the Secretary to apply for the grant prior to April 10, 1967.

APPLICATIONS RECEIVED: The Secretary Treasurer read to the Members all the applications that he had received for the position of Agricultural Fieldman.

It was moved that the Brd. invite for an interview on March, 14, 1967 applicants for the above position and assistant.

A.S.B. TENTATIVE PROGRAM FOR 1967.

Each Member was given a copy of the tentative program for the purpose of study and recommendations to be presented at the next meeting.

It was moved that the A.S.B. meeting adjourn at 5:15 p.m. and to reconvene on March 14 at 10:0 a.m.

55-22-4. He requested relaxation or more flexibility to the notice so that he would be able to sell his land to a prospective buyer.

Another complaint was received from Mr. Harry Hensball for the same reasons as the above case on the S.E. 14-57-23-4.

It was moved that the two above mentioned complaints

be inspected and observed by the future Fieldman and that he be authorized to negotiate a reasonable settlement with both parties.

DATA RECEIVED: Agricultural Service Brd., Regional Conference:

The Minutes were reviewed by the Board and ordered to be filed as information.

JUST ARRIVED?

We've got red carpet to roll out; no brass band to serenade you. But we can help you with names and locations of schools, lists of community facilities, shopping information and all the other things you'll want to know about your new home town. A Welcome Wagon hostess will visit at your convenience to provide all this and gifts as well. It's all yours - free - for a telephone call to Welcome Wagon at 599-3576

Radio series on Canadian Writing

A series of six lectures by Dr. George Whalley Professor of English, Queen's University, Kingston, produced at CJOH-TV, Ottawa, began March 28, 1967, on stations of the CTV Television Network. Series continues April 4, 11, 18, 25 and May 2nd.

In the words of Dr. Whalley: "My first purpose is to show what imaginative writing is; then to show that there is Canadian writing of this kind (poems, novels, short stories, etc.), that is important to us and accessible."

"Poetry is the best words in the best order - in verse or in prose. Poetry provides a great resource of accurately recorded experience, arising out of life and throwing light on our lives, our circumstances, and our future. We can share in that experience by entering into the writing; and in order to enter into poetry we need to think accurately, understand clearly, and discover the integrity of our own emotions.

The poetry of our time and country may be expected to tell us some of the best -- and worst -- things about ourselves and our time. But contemporary poetry is sometimes difficult to grasp, even though we should expect it to be the most accessible of all writing. These talks are about what poetry is and how we read it, so that the poetry of our own time and country -- our own best writing -- may be accessible to us."
